## INDEPENDENT AUDITORS' REPORT

The Honorable Members of Town Council  
Town of Wise  
Wise, Virginia 24293

### Report on the Audit of the Financial Statements

#### *Opinions*

We have audited the accompanying financial statements of the governmental activities and the business-type activities, of the Town of Wise, Virginia, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the business-type activities as of June 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Counties, Cities, and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town of Wise, Virginia, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Wise, Virginia's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town of Wise, Virginia's internal control. Accordingly, no such opinion is expressed.

The Honorable Members of Town Council  
Town of Wise  
Wise, Virginia 24293  
Page 3

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Wise, Virginia's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 5-11 and 68-73 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Wise, Virginia's basic financial statements. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Also, the accompanying pension and other post-employment benefit (OPEB) schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and

The Honorable Members of Town Council  
Town of Wise  
Wise, Virginia 24293  
Page 4

certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards, the pension schedules, and OPEB schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated March 17, 2023, on our consideration of the Town of Wise, Virginia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town of Wise, Virginia's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Town of Wise, Virginia's internal control over financial reporting and compliance.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

**Town of Wise, Virginia  
Management's Discussion and Analysis**

As management of the Town, we offer readers of the Town's financial statements this narrative overview and analysis of the financial activities of the Town for the fiscal year ended June 30, 2022. I encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal in the Introductory Section of this report, and the Town's financial statements which follow this discussion and analysis.

**Financial Highlights**

- The assets and deferred outflows of the Town exceeded its liabilities and deferred inflows at the close of the most recent fiscal year by \$30,597,453 (net position). Of this amount, \$7,775,252 (unrestricted) may be used to meet the government's ongoing obligations to citizens and creditors.
- The Town's total net position increased by \$1,287,448 of which the governmental activities increased by \$970,058 and business-type activities increased by \$317,390.
- As of the close of the current fiscal year; the Town's general fund reported an ending fund balance of \$8,622,194, an decrease of \$383,615 in comparison with the restated prior year. \$6,955,974 of this total amount is available for spending at the Town's discretion (unassigned fund balance).
- Unassigned fund balance for the general fund was \$6,955,974, or 120% percent of total general fund expenditures and 128% of total general fund revenues.
- The Town's total debt decreased by \$90,177 during the current fiscal year.

**Overview of the Financial Statements**

This discussion and analysis are intended to serve as an introduction to the Town's basic financial statements. The Town's basic financial statements consist of three components: (1) Government-wide financial statements, (2) Fund financial statements, and (3) notes to the financial statements.

This report also contains other supplementary information in addition to the basic financial statements. **Government-wide financial statements:** The *government-wide financial statements* are designed to provide readers with a broad overview of the Town's overall financial status, in a manner similar to a private-sector business.

The *statement of activities* presents information showing how the Town's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are

reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave.)

Both the government-wide financial statements distinguish functions of the Town which are principally supported by taxes, and other non-exchange revenues transactions (*governmental activities*) from other activities which are intended to recover all or a significant portion of their costs through user fees charged to external parties (*business-type activities*). The governmental activities of the Town include general government administration; public safety; public works; parks and recreation and cultural; community development. The business-type activities consist of public utilities.

The government-wide financial statements (Exhibit 1 and 2) include only the Town itself. The Town has no component units to report.

**Fund financial statements:** A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The funds of the Town can be divided into two categories: governmental fund, and proprietary fund.

**Governmental Funds:** Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements *focus on near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare to the information presented for *governmental funds* with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the Town's near-term financing decisions. Both the governmental fund balance sheet and the governmental statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The Town adopts an annual appropriated budget for its General fund and proprietary fund, although not required for the proprietary fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with its budget.

The Town maintains one type of **Proprietary Fund:** The *Enterprise Fund* is used to report the same functions presented as *business-type activities* in the government-wide financial statements. The Town uses enterprise funds to account for its public utilities (water fund and sewer fund).

Proprietary funds provide the same type of information as the business-type activities in the government-wide financial statements, only in more detail. The proprietary fund financial statements can be found at Exhibits 6 through 8 of this report.

**Notes to financial statements:** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

## Financial Analysis of the Town

Changes in net position may serve over time as a useful indicator of a Town's financial position. Of interest, the Town's assets and deferred outflows exceeded liabilities and deferred inflows by \$30,597,453 at the close of fiscal year 2022.

The largest portion of the Town's net position ( \$20,342,100; 66 percent of the total) reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment) less any related debt used to acquire those assets that is still outstanding. The Town uses these capital assets to provide service to citizens: consequently, these assets are *not* available for future spending, as capital assets are generally not sold or otherwise disposed of during their useful life. Although the Town's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

### Government-wide Financial Analysis

**Financial Analysis of the Town’s Funds**

As noted earlier, the Town used fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Fund:** The focus of the Town's governmental fund is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the Town's financing requirements. In addition, the Town's fund balance classifications are useful to identify the extent to which the Town's fund balances are constrained and how binding those constraints are.

At the end of the current fiscal year, the Town's *governmental fund* reported an ending fund balance of \$8,635,620, a decrease of \$383,615 in comparison with the prior year as restated. \$1,679,646 (19%) is classified as restricted to indicate that it can only be spent for specific purposes as stipulated by external resource providers (for example, through debt covenants, grant agreements, or by laws or regulations of other governments). Eighty-one percent of this total amount, \$6,955,974, constitutes *unassigned fund balance*. Unassigned fund balances are technically available for any remaining purpose, but are maintained at targeted levels in accordance with sound financial management practices.

The General Fund is the operating fund of the Town (Exhibit 3). The General Fund's balance decreased \$383,615 during fiscal year 2022 to \$8,622,194, of which \$6,955,974 is unassigned. As one measure of the General Fund's liquidity, it is useful to compare the total of the Town's assigned and unassigned fund balances to total revenues. At the end of fiscal year 2022, the General Fund's assigned and unassigned fund balances of \$8,622,194 represents (159%) of total General Fund revenues of \$5,419,910. In addition, General Fund's unassigned fund balance totaled \$6,955,974 and continues to exceed the 10% minimum set by the Town's fund balance policy. The \$383,615 fiscal year 2022 decrease in the General Fund's fund balance resulted from General Fund revenues of \$5,419,910 less expenditures of \$5,803,525, and was primarily the result of expenditure increase on public works/streets projects as shown on Exhibit 4 to the financial statements.

**Proprietary Funds:** The Town's proprietary funds financial statements provide the same type of information presented in the business-type activities on the government-wide financial statements, as their basis of accounting is the same, but in more detail. Factors relating to the financial position and results of operation of the Town's Public Utilities System (water fund and sewer fund) have been addressed in the discussion of the Town's business-type activities.

### **Governmental Fund Budgetary Highlights**

Differences between the budgeted and the actual amounts represent expenditures being \$5,710,630 lower than anticipated, while revenues were \$6,094,245 lower than anticipated, resulting in an unfavorable difference of \$383,615 (the net change in fund balance).

### **Capital Asset and Debt Administration**

**Capital assets:** The Town's investment in capital assets for its primary governmental activities as of June 30, 2022 amounts to \$20,342,100, net of related debt and accumulated depreciation. This investment is in land, buildings and improvements, infrastructure, and machinery and equipment. The total increase in the Town's investment in capital assets, net of depreciation, for all funds in the current fiscal year was \$1,381,002.

**Town of Wise, Virginia's Change in Capital Assets**

	<b><u>Primary Governmental Activities</u></b>	
	<b><u>2022</u></b>	<b><u>2021</u></b>
Land	\$ 2,287,893	\$ 2,988,392
Buildings and Building Improvements	3,309,712	3,254,972
Infrastructure	31,519,385	28,691,299
Equipment	<u>5,372,072</u>	<u>5,136,216</u>
Total	42,489,062	40,070,879
Less: accumulated depreciation	<u>(20,705,402)</u>	<u>(19,578,044)</u>
Net capital assets	<u>\$21,783,660</u>	<u>\$ 20,492,835</u>

Additional information on the Town's capital assets can be found in Note 6.

**Long-term debt:** At the end of the current fiscal year, the Town had total primary government debt outstanding of \$1,441,560, in addition to claims, judgments, and compensated absences of \$80,725. Of this amount, \$1,441,560 comprises debt backed by the full faith and credit of the Town.

In the Commonwealth of Virginia there is no State statute that limits the amount of general obligation debt a Town may issue.

During the current fiscal year, the Town's total primary government debt decreased by \$90,177.

Additional information on the Town of Wise, Virginia's long-term debt can be found in Note 8 of this report.

**Economic Factors and Next Year's Budgets and Rates**

The June 2022 unemployment rate for the local area was 3.9% percent, which is a decrease from a rate of 2.5% percent a year ago. This is higher than the state's average unemployment rate of 3.0% percent by 0.9 percent and higher than the national average rate of 3.6% by 0.3 percent.

All of these factors were considered in preparing the Town's budget for the 2022 fiscal year.

**Rates**

The appropriate tax rates for the 2021-2022 year are as follows: .30 per \$100 value for real estate, mobile home taxes, and public utilities real estate, .63 per \$100 value for personal property, machinery and tools, and public service personal property.

### **Request for Information**

This financial report is designed to provide a general overview of the Town of Wise, Virginia's finances for all those with an interest in the Town's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Ms. Laura Roberts, P.O. Box 1100, Wise, Virginia 24293.

BALANCE SHEET  
GOVERNMENTAL FUND  
JUNE 30, 2022**

	General Fund	Special Revenue Funds	Total
<b>ASSETS</b>			
Cash and cash equivalents	\$ 8,304,518	\$ -	\$ 8,304,518
Receivables, net:			
Taxes	221,346	-	221,346
Accounts	44,837	-	44,837
Other	21	-	21
Due from other governments	407,966	-	407,966
Restricted cash	1,666,220	13,426	1,679,646
Total assets	10,644,908	13,426	10,658,334
<b>LIABILITIES</b>			
Accounts payable	752,015	-	752,015
Accrued payroll and related liabilities	23,880	-	23,880
Total liabilities	775,895	-	775,895
<b>DEFERRED INFLOWS OF RESOURCES</b>			
Property taxes receivable	17,937	-	17,937
American Rescue Plan Act Funds	1,168,882	-	1,168,882
Sports Complex Donation	60,000	-	60,000
Total deferred inflows of resources	1,246,819	-	1,246,819
<b>FUND BALANCES</b>			
Nonspendable for cemetery	497,338	-	497,338
Restricted for American Rescue Plan Act	1,168,882	-	1,168,882
Restricted for asset forfeiture	-	13,426	13,426
Unassigned funds	6,955,974	-	6,955,974
Total fund balances	8,622,194	13,426	8,635,620
Total liabilities, deferred inflows of resources, and fund balances	\$ 10,644,908	\$ 13,426	\$ 10,658,334

**Amounts Reported for Governmental Activities in the  
Statement of Net Assets are Different Because:**

Total Fund Balances \$ 8,635,620

Capital assets used in governmental activities are not current financial resources and therefore are not reported as assets in the governmental funds. The cost of the assets is \$22,308,330 and the accumulated depreciation is \$10,119,642 12,188,688

Because the focus of governmental funds is on current resources, some inflows/outflows of resources are recognized in future periods and are not included in the governmental funds. (625,991)

Long-term liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the funds.

Long-term liabilities at year end consisted of the following:

Other Post Employment Liability	(653,239)	
Compensated absences	(54,705)	
Net pension liability	176,756	(531,188)

**Net Position of Governmental Activities** \$ 19,667,129

The accompanying notes are an integral part of the financial statements.

RECONCILIATION OF STATEMENT OF REVENUES,  
EXPENDITURES, AND CHANGES IN FUND BALANCE  
GOVERNMENTAL FUND  
FOR THE YEAR ENDED JUNE 30, 2022**

**EXHIBIT 5**

	<u>General Fund</u>
<p>Amounts Presented for Governmental Activities in the statement of activities are different because:</p>	
Net Change in Fund Balance- total governmental fund	\$ (383,615)
<p>Capital outlays are reported in governmental funds as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeds depreciation in the period.</p>	1,344,967
<p>Because some property taxes will not be collected for several months after the Town's year end, they are not considered as "available" revenues in the governmental funds. Deferred tax revenue increased by this amount this year.</p>	237
<p>In the statement of activities, revenues that do not provide current financial resources and expenses that are not paid by current resources are not reported in the fund statements.</p>	(38,436)
<p>In the statement of activities, compensated absences are measured by the amounts earned during the year. In governmental funds however, expenditures for these items are measured by the amount of financial resources used. This amount represents the difference between the amount earned versus the amount used.</p>	<u>46,905</u>
Total change in net position of governmental activities	<u>\$ 970,058</u>

The accompanying notes are an integral part of the financial statements.

**NOTES TO FINANCIAL STATEMENTS**

TOWN OF WISE, VIRGINIA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the Town have been prepared in conformity with the specifications promulgated by the Auditor of Public Accounts (APA) of the Commonwealth of Virginia and the accounting principles generally accepted in the United States as specified by the Governmental Accounting Standards Board (GASB). The following is a summary of the more significant policies:

**A. Reporting Entity**

The Town of Wise is a municipal corporation that is governed by an elected mayor and a five-member council. As required by generally accepted accounting principles, these financial statements present the Town as a primary government. Upon consideration of potential component units, it was determined that there were no component units for the Town.

**B. Basis of Presentation**

*Government-wide Statements:* The statement of net position and the statement of activities display information about the primary government and its component units, if any. These statements include the financial activities of the overall government. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental* and *business-type activities* of the Town. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the Town and for each function of the Town's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

*Fund Financial Statements:* The fund financial statements provide information about the Town's funds, including any fiduciary funds. Separate statements are presented for the *governmental and proprietary* fund categories; however, there were no *fiduciary* funds to be presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies, result from non-exchange transactions. Other non-operating revenues are ancillary activities such as investment earnings.

**TOWN OF WISE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

The government reports the following major governmental funds:

(1) Governmental Funds account for the expendable financial resources, other than those accounted for in Fiduciary Funds. The Governmental Fund measurement focus is upon determination of financial position and changes in financial position, rather than upon net income determination as would apply to a commercial enterprise. The only major Governmental Fund is:

General Fund - The General Fund is the primary operating fund of the Town. This fund is used to account for all financial transactions and resources except those required to be accounted for in another fund. Revenues are derived primarily from property and other local taxes, state and federal distributions, licenses, permits, charges for service, and interest income.

(2) Proprietary Funds account for activities similar to those found in the private sector. The measurement focus is upon determination of net income. Proprietary Funds consist of Enterprise and Internal Service Funds.

Enterprise Funds - Enterprise Funds account for operations that are financed and operated in a manner similar to private business enterprises. The intent of the Town of Wise is that the cost of providing services to the general public be financed or recovered through user charges. The Enterprise Fund consists of the Water Fund and Sewer Fund.

**C. Measurement Focus and Basis of Accounting**

*Government-wide, Proprietary, and Fiduciary Fund Financial Statements.* The government-wide, proprietary, and fiduciary fund financial statements, if any, are reported using the economic resources measurement focus. The government-wide, proprietary and fiduciary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the Town gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing

**TOWN OF WISE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

operations. The principal operating revenues of the Town enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

*Governmental Fund Financial Statements.* Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

The Town considers all revenues available if they are collected within 45 days after year-end.

**D. Budgets and Budgetary Accounting**

The following procedures are used by the Town in establishing the budgetary data reflected in the financial statements:

- (1) The Town Manager submits to the Town Council a proposed operating and capital budget for the fiscal year commencing the following July 1. The operating and capital budget includes proposed expenditures and the means of financing them.
- (2) Public hearings are conducted to obtain citizen comments.
- (3) Prior to June 30, the budget is legally enacted through passage of an Appropriations Resolution.
- (4) The Appropriations Resolution places legal restrictions on expenditures at the department level or category level. The appropriation for each department or category can be revised only by the Council. The Town Manager is authorized to transfer budgeted amounts within general government departments.
- (5) Formal budgetary integration is employed as a management control device during the year for the General Fund.
- (6) All budgets are adopted on a cash basis, but variances from modified accrual basis budgets are not considered to be material.
- (7) Appropriations lapse on June 30 for all Town units.
- (8) All budget data presented in the accompanying financial statements is the original budget, as no amendments were made during the year.

*Budgetary Comparison Schedules:* Demonstrating compliance with the adopted budget is an important component of a government's accountability to the public. Many citizens participate in one way or another in the process of establishing the annual operating budgets of state and local governments, and have a keen interest in following the actual

**TOWN OF WISE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

financial progress of their governments over the course of the year. Many governments revise their original budgets over the course of the year for a variety of reasons. Under this reporting model, governments will continue to provide budgetary comparison information in their annual reports. An important change, however, is a requirement to add the government's original budget to the current comparison of final budget and actual results.

**E. Encumbrances**

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriations, is employed as an extension of formal budgetary integration in the General Fund. Encumbrances outstanding at year-end are reported as reservations of fund balances since they do not constitute expenditures or liabilities.

**F. Property, Plant and Equipment**

Property, plant and equipment purchased is stated at cost. Donated property is recorded at market value prevailing at date of donation. Depreciation has been provided in the proprietary fund over the following estimated useful lives using the Straight-Line Method:

	<u>Water and Sewer Fund</u>
Water/Sewer System	30 years
Improvements Other Than Buildings	30 – 40 years
Equipment	3 – 10 years

**G. Allowance for Uncollectible Accounts**

The Town calculates its allowance for uncollectible accounts using historical collection data and, in certain cases, specific account analysis. The allowance amounted to approximately \$66,166 at June 30, 2022, and is composed of the following:

	<u>Amount</u>
<u>General Fund:</u>	
Property Tax Receivable	\$ 11,806
Garbage Receivable	4,147
<u>Water Fund:</u>	
Accounts Receivable	25,591
<u>Sewer Fund:</u>	
Accounts Receivable	21,936
TOTAL	\$ 63,480

**TOWN OF WISE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**

**NOTE 2: CASH AND INVESTMENTS**

Deposits: All cash of the Town of Wise, Virginia is maintained in accounts collateralized in accordance with the Virginia Security for Public Deposits Act, Section 2.2-4400et.seq. of the Code of Virginia or covered by federal depository insurance.

Investments: Statutes authorize the Town to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, obligations of the International Bank for Reconstruction and Development (World Bank) the Asian Development Bank, the African Development Bank, commercial paper rated A-1 by Standard and Poor's Corporation or P-1 by Moody's Commercial Paper Record, bankers acceptances, repurchase agreements and the State Treasurer's Local Government Investment Pool (LGIP)

The Town had no investments required to be categorized in accordance with standards. All funds were on deposit.

**NOTE 3: PROPERTY TAXES RECEIVABLE**

Property is assessed at its value on January 1. Property taxes attach as an enforceable lien on property as of January 1. Taxes are payable in one installment on December 5th. The Town bills and collects its own property taxes.

**NOTE 4: DUE FROM OTHER GOVERNMENTAL UNITS**

	<u>Amount</u>	<u>Total</u>
<u>Treasurer of Wise County:</u>

**TOWN OF WISE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**

**NOTE 5: DEFERRED OUTFLOWS/INFLOWS OF RESOURCES**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *Deferred Outflows of Resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The Town currently has deferred outflows totaling \$873,370 as of June 30, 2022 which is comprised of \$746,453 for pensions and \$126,917 for other post-employment benefits (OPEB).

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial element, *Deferred Inflows of Resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The Town has deferred inflows totaling \$3,133,967 as of June 30, 2022. \$1,168,882 of that amount includes ARPA Funds not available for funding of current expenditures, \$1,763,786 represents the amounts that will be recognized in future periods for pensions, \$141,299 represents amounts that will be recognized in future periods for OPEB, and \$60,000 represents amounts that will be recognized in future periods from donation revenue for the Sports Complex.

**NOTE 6: CHANGES IN GENERAL CAPITAL ASSETS**

A summary of changes in general fixed assets follows:

	BEGINNING	ADDITIONS	DELETIONS	ENDING
Land, non-depreciable	\$ 2,692,393	\$ -	\$ 700,500	\$ 1,991,893

**TOWN OF WISE, VIRGINIA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022**

**NOTE 9: PENSION PLAN**

Pensions

The Virginia Retirement System (VRS) Political Subdivision Retirement Plan is a multi-employer, agent plan. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Town of Wise, Virginia’s Retirement Plan and the additions to/deductions from the Town’s net fiduciary position have been determined on the same basis as they were reported by the Virginia Retirement System (VRS). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Plan Description – All full-time, salaried permanent employees of the Town are automatically covered by VRS Retirement Plan upon employment. This plan is administered by the Virginia Retirement System (the System) along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employer are paying contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the *Code of Virginia*, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service.

The System administers three different benefit structures for covered employees – Plan 1, Plan 2, and Hybrid. Each of these benefit structures has a different eligibility criteria. The specific information for each plan and the eligibility for covered groups within each plan are set out in the table below:

<b>RETIREMENT PLAN PROVISIONS</b>		
<b>PLAN 1</b>	<b>PLAN 2</b>	<b>HYBRID RETIREMENT PLAN</b>
<p><b>About Plan 1</b> Plan 1 is a defined benefit plan. The retirement benefit is based on a member’s age, service credit and average final compensation at retirement using a formula.</p>	<p><b>About Plan 2</b> Same as Plan 1.</p>	<p><b>About the Hybrid Retirement Plan</b> The Hybrid Retirement Plan combines the features of a defined benefit plan and a defined contribution plan.</p> <ul style="list-style-type: none"> <li>• The defined benefit is based on a member’s age, service credit and average final compensation at retirement using a formula.</li> <li>• The benefit from the defined contribution component of the plan depends on the member and employer contributions made to the plan and the investment</li> </ul>

**TOWN OF WISE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**

		<p>performance of those contributions.</p> <ul style="list-style-type: none"> <li>• In addition to the monthly benefit payment payable from the defined benefit plan at retirement, a member may start receiving distributions from the balance in the defined contribution account, reflecting the contributions, investment gains or losses, and any required fees.</li> </ul>
<p><b>Eligible Members</b>  Employees are in Plan 1 if their membership date is before July 1, 2010, and they were vested as of January 1, 2013, and they have not taken a refund.</p> <p><b>Hybrid Opt-In Election</b>  VRS non-hazardous duty covered Plan 1 members were allowed to make an irrevocable decision to opt into the Hybrid Retirement Plan during a special election window held January 1 through April 30, 2014.</p> <p>The Hybrid Retirement Plan's effective date for eligible Plan 1 members who opted in was July 1, 2014.</p> <p>If eligible deferred members returned to work during the election window, they were also eligible to opt into the Hybrid Retirement Plan.</p> <p>Members who were eligible for an optional retirement plan (ORP) and had prior service under Plan 1 were not eligible to elect the Hybrid Retirement Plan and remain as Plan 1 or ORP.</p>	<p><b>Eligible Members</b>  Employees are in Plan 2 if their membership date is on or after July 1, 2010, or their membership date is before July 1, 2010, and they were no vested as of January 1, 2013.</p> <p><b>Hybrid Opt-In Election</b>  Eligible Plan 2 members were allowed to make an irrevocable decision to opt into the Hybrid Retirement Plan during a special election window held January 1 through April 30, 2014.</p> <p>The Hybrid Retirement Plan's effective date for eligible Plan 2 members who opted in was July 1, 2014.</p> <p>If eligible deferred members returned to work during the election window, they were also eligible to opt into the Hybrid Retirement Plan.</p> <p>Members who were eligible for an optional retirement plan (ORP) and have prior service under Plan 2 were not eligible to elect the Hybrid Retirement Plan and remain as Plan 2 or ORP.</p>	<p><b>Eligible Members</b>  Employees are in the Hybrid Retirement Plan if their membership date is on or after January 1, 2014. This includes:</p> <ul style="list-style-type: none"> <li>• Town of Wise, Virginia employees*</li> <li>• Members in Plan 1 or Plan 2 who elected to opt into the plan during the election window held January 1-April 30, 2014; the plan's effective date for opt-in members was July 1, 2014</li> </ul> <p><b>*Non-Eligible Members</b>  Some employees are not eligible to participate in the Hybrid Retirement Plan. They include:</p> <ul style="list-style-type: none"> <li>• Political subdivision employees who are covered by enhanced benefits for hazardous duty employees</li> </ul> <p>Those employees eligible for an optional retirement plan (ORP) must elect the ORP plan or the Hybrid Retirement Plan. If these members have prior service under Plan 1 or Plan 2, they are not eligible to elect the Hybrid Retirement Plan and</p>

**TOWN OF WISE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**

		must select Plan 1 or Plan 2 (as applicable) or ORP.
<p><b>Retirement Contributions</b>  Employees contribute 5% of their compensation each month to their member contribution account through a pre-tax salary reduction. Member contributions are tax-deferred until they are withdrawn as part of a retirement benefit or as a refund. The employer makes a separate actuarially determined contribution to VRS for all covered employees. VRS invests both member and employer contributions to provide funding for the future benefit payment.</p>	<p><b>Retirement Contributions</b>  Same as Plan 1.</p>	<p><b>Retirement Contributions</b>  A member's retirement benefit is funded through mandatory and voluntary contributions made by the member and the employer to both the defined benefit and the defined contribution components of the plan. Mandatory contributions are based on a percentage of the employee's creditable compensation and are required from both the member and the employer. Additionally, members may choose to make voluntary contributions to the defined contribution component of the plan, and the employer is required to match those voluntary contributions according to specified percentages.</p>
<p><b>Service Credit</b>  Service credit includes active service. Members earn service credit for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional creditable service the member was granted. A member's total service credit is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit. It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit.</p>	<p><b>Service Credit</b>  Same as Plan 1</p>	<p><b>Service Credit</b>  <u><b>Defined Benefit Component:</b></u>  Under the defined benefit component of the plan, service credit includes active service. Members earn service credit for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional service credit the member was granted. A member's total service credit is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit. It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit.</p>

**TOWN OF WISE, VIRGINIA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022**

		<p><b><u>Defined Contributions Component:</u></b> Under the defined contribution component, service credit is used to determine vesting for the employer contribution portion of the plan.</p>
<p><b>Vesting</b> Vesting is the minimum length of service a member needs to qualify for a future retirement benefit. Members become vested when they have at least five years (60 months) of service credit. Vesting means members are eligible to qualify for retirement if they meet the age and service requirements for their plan. Members also must be vested to receive a full refund of their member contribution account balance if they leave employment and request a refund.</p> <p>Members are always 100% vested in the contributions that they make.</p>	<p><b>Vesting</b> Same as Plan 1</p>	<p><b>Vesting</b> <b><u>Defined Benefit Component:</u></b> Defined benefit vesting is the minimum length of service a member needs to qualify for a future retirement benefit. Members are vested under the defined benefit component of the Hybrid Retirement Plan when they reach five years (60 months) of service credit. Plan 1 or Plan 2 members with at least five years (60 months) of service credit who opted into the Hybrid Retirement Plan remain vested in the defined benefit component.</p> <p><b><u>Defined Contributions Component:</u></b> Defined contribution vesting refers to the minimum length of service a member needs to be eligible to withdraw the employer contributions from the defined contribution component of the plan.</p> <p>Members are always 100% vested in the contributions that they make.</p> <p>Upon retirement or leaving covered employment, a member is eligible to withdraw a percentage of employer contributions to the defined contribution component of the plan, based on service.</p> <ul style="list-style-type: none"> <li>• After two years, a member is 50% vested and may withdraw 50% of employer contributions.</li> </ul>

**TOWN OF WISE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**

		<ul style="list-style-type: none"> <li>• After three years, a member is 75% vested and may withdraw 75% of employer contributions.</li> <li>• After four or more years, a member is 100% vested and may withdraw 100% of employer contributions.</li> </ul> <p>Distribution is not required, except as governed by law.</p>
<p><b>Calculating the Benefit</b>  The Basic Benefit is determined using the average final compensation, service credit and plan multiplier.</p> <p>An early retirement reduction factor is applied to this amount if the member is retiring with a reduced benefit. In cases where the member has elected an optional form of retirement payment, an option factor specific to the option chosen is then applied.</p>	<p><b>Calculating the Benefit</b>  See definition under Plan 1</p>	<p><b>Calculating the Benefit</b>  <u><b>Defined Benefit Component:</b></u>  See definition under Plan 1</p> <p><u><b>Defined Contribution component:</b></u>  The benefit is based on contributions made by the member and any matching contributions made by the employer, plus net investment earnings on those contributions.</p>
<p><b>Average Final Compensation</b>  A member's average final compensation is the average of the 36 consecutive months of highest compensation as a covered employee.</p>	<p><b>Average Final Compensation</b>  A member's average final compensation is the average of their 60 consecutive months of highest compensation as a covered employee.</p>	<p><b>Average Final Compensation</b>  Same as Plan 2. It is used in the retirement formula for the defined benefit component of the plan.</p>
<p><b>Service Retirement Multiplier</b>  <b>VRS:</b> The retirement multiplier is a factor used in the formula to determine a final retirement benefit. The retirement multiplier for non-hazardous duty members is 1.70%</p>	<p><b>Service Retirement Multiplier</b>  <b>VRS:</b> Same as Plan 1 for service earned, purchased or granted prior to January 1, 2013. **NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**

**NOTE 9: PENSION PLAN (continued)**

Employees Covered by Benefit Terms – As of June 30, 2020 actuarial valuation, the following employees were covered by the benefit terms of the pension plan:

	<b>Number</b>
Inactive members or their beneficiaries currently receiving benefits	38
Inactive Members:	
Vested Inactive Members	8
Non-vested Inactive Members	5
LTD	0
Active Elsewhere in VRS	<u>18</u>
Total Inactive Members	31
Active Members	<u>45</u>
Total Covered Employees	<u>114</u>

Contributions – The contribution requirement for active employees is governed by §51.1-145 of the *Code of Virginia*, as amended, but may be impacted as a result of funding options provided to the Town by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement.

The Town’s contractually required contribution rate for the year ended June 30, 2022 was 10.16% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2019.

This rate, when combined with the employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the Town were \$227,883 and \$202,184 for the years ended June 30, 2022 and June 30, 2021, respectively.

The net pension liability (NPL) is calculated separately for each employer and represents that particular employer’s total pension liability determined in accordance with GASB Statement No. 68, less that employer’s fiduciary net position. For the Town of Wise, the net pension liability was measured as of June 30, 2021. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of June 30, 2020 rolled forward to the measurement date of June 30, 2021.

**TOWN OF WISE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**

**NOTE 9: PENSION PLAN (continued)**

Long-Term Expected Rate of Return – The long-term expected rate of return on pension System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class (Strategy)</u>	<u>Target Allocation</u>	<u>Arithmetic Long-Term Expected Rate of Return</u>	<u>Weighted Average Long-Term Expected Rate of Return</u>
Public Equity	34.00%	5.00%	1.70%
Fixed Income	15.00%	0.57%	0.09%
Credit Strategies	14.00%	4.49%	0.63%
Real Assets	14.00%	4.76%	0.67%
Private Equity	14.00%	9.94%	1.39%
MAPS	6.00%	3.29%	0.20%
PIP	3.00%	6.84%	0.21%
Total	100.00%		4.89%
	Inflation		2.50%
		*Expected Arithmetic Nominal Return	7.39%

\*The above allocation provides a one-year expected return of 7.39%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the System, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 6.94%, including expected inflation of 2.50%. On October 10, 2019, the VRS Board elected a long-term rate of 6.75% which was roughly at the 40<sup>th</sup> percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.11%, including expected inflation of 2.50%.

Discount Rate – The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that System member contributions will be made per the VRS Statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Consistent with the phased-in funding provided by the General Assembly for state and teacher employer contributions; political subdivisions were also provided with an opportunity to use an alternate employer contribution rate. For the year ended June 30, 2021, the alternate rate was the employer contribution rate used in FY 2012 or 100% of the actuarially determined employer contribution rate from the June 30, 2017 actuarial valuations, whichever was greater. From July 1, 2021 on, participating employers are assumed to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

**NOTE 10: CLAIMS, JUDGMENTS AND COMPENSATED ABSENCES**

In accordance with NCGA Statement 4 "Accounting and Financial Reporting Principles for Claims and Judgments and Compensated Absences", the Town has accrued the liability arising from outstanding claims and judgments and compensated absences. Town employees earn sick leave at the rate of one day per month and vacation time is accrued based on length of service. No benefits or pay are received for unused sick leave upon termination. Accumulated vacation, up to the specified maximum, is paid upon termination. The Town has outstanding

**TOWN OF WISE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**

**NOTE 10: CLAIMS, JUDGMENTS AND COMPENSATED ABSENCES (continued)**

accrued vacation pay totaling \$54,705 in the Governmental Activities of the Primary Government, \$10,705 in the Water Fund, and \$14,126 in the Sewer Fund, with \$5,471; \$1,189; and \$1,413 respectively, expected to be paid within one year.

**NOTE 11: LITIGATION**

According to the Town's Legal Counsel, there are no outstanding claims concerning the Town of Wise, Virginia.

**NOTE 12: SURETY BONDS**

Position Fidelity Schedule Bond:

	<u>Amount</u>
Mayor	\$ 200,000
Treasurer	200,000
Town Manager	200,000
Assistant Treasurer	200,000
Utility Clerk	200,000
Cashier	200,000

**NOTE 13: SUPPLEMENTAL DISCLOSURES OF CASH FLOW INFORMATION**

Interest Paid-Proprietary Fund – Cash paid interest expense relating to debt for the year ended June 30, 2022 amounted to \$35,740.

The Town considers all short-term investments with an original maturity date of three months or less to be cash equivalents.

**NOTE 14: GASB 54 FUND BALANCE REPORTING AND GOVERNMENTAL FUND TYPE DEFINITIONS**

**Purpose**

The Town Council of the Town of Wise is dedicated to maintaining an appropriate level of fund balance sufficient to mitigate current and future financial risks and to ensure stable tax rates; and, therefore, formally establishes this policy for the Town's Fund Balance. This policy also authorizes and directs the Treasurer to prepare financial reports which accurately categorize fund balance as required by GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*.

**Components of Fund Balance**

Fund balance is the difference between the assets and liabilities reported in a governmental fund. The following five fund balance classifications describe the relative strength of the spending constraints placed on the purposes for which the resources can be used:

**TOWN OF WISE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**

**NOTE 14: GASB 54 FUND BALANCE REPORTING AND GOVERNMENTAL FUND TYPE DEFINITIONS (continued)**

- Non-spendable fund balance – amounts that are not in spendable form (such as inventory and prepaids) or are required to be maintained intact (corpus of a permanent fund);
- Restricted fund balance – amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation;
- Committed fund balance – amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint;
- Assigned fund balance – amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority; for all funds except the general fund, assigned fund balance is the residual fund balance classification;
- Unassigned fund balance – amounts that are available for any purpose; positive amounts are only reported in the general fund.

**Committed Fund Balance Policy**

The Town Council is the Town's highest level of decision-making authority and the formal action that is required to be taken to establish, modify, or rescind a fund balance commitment is a resolution approved by the Town Council. The resolution must either be approved or rescinded, as applicable, prior to the last day of the fiscal year for which the commitment is made. The amount subject to the constraint may be determined in the subsequent period.

**Assigned Fund Balance Policy**

The Town Manager in consultation with the Town Treasurer and discussions with the Town Council shall determine funds to be classified as assigned.

**Minimum Unassigned Fund Balance Policy**

The Town will maintain an unassigned fund balance in the general fund equal to an amount established by the Town Council for expenditures/operating revenues. The Town considers a balance of less than the amount established by the Town Council to be cause for concern, barring unusual or deliberate circumstances. The balance of "unassigned funds" shall be at least equal to 10% of the General Fund's Total Revenues measured during the budget process as Total General Fund Revenue net of any appropriation from prior year fund balance. Except in extraordinary circumstances, Unassigned Fund Balance should not be used to fund any portion of the ongoing and routine year-to-year operating expenditures of the Town. It should be used primarily to ensure adequate reserves, to respond to unforeseen emergencies, to provide cash flow, and to provide overall financial stability.

**TOWN OF WISE, VIRGINIA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022**

**NOTE 14: GASB 54 FUND BALANCE REPORTING AND GOVERNMENTAL FUND TYPE DEFINITIONS (continued)**

**Resource Flow Policy**

When fund balance resources are available for a specific purpose in more than one classification, it is the Town's policy to use the most restrictive funds first in the following order: restricted, committed, assigned, and unassigned as they are needed.

**NOTE 15: OTHER POST-EMPLOYMENT BENEFITS**

**PLAN DESCRIPTION**

Name of Plan: Town of Wise Plan  
Identification of Plan: Sole-employer  
Administering Entity: Town of Wise, Virginia

**Health Plan Eligibility**

Participants in the Town of Wise's OPEB Plan must meet the retirement eligibility requirements described below to be eligible for retiree health benefits upon retirement. Participants must also retire directly from active service to be eligible for benefits

- General Town Employees: Participants must have attained age 50 with 30 years of service, including 20 years of continuous service with the Town.
- Public Safety Employees: Participants must have attained age 50 with a minimum of 25 years of service including 20 years of continuous service with the Town.

**Employer and Retiree Contributions**

- Non-Medicare eligible retirees and spouses (Under Age 65)-The Town contributes 100% of the retiree only premiums for a maximum of 18 months following retirement or until the retiree reaches age 65, if earlier. The retiree is responsible for the remainder of their premium costs.
- Medicare-eligible Retirees (Age 65+) – The plan does not include health benefits for Medicare-eligible retirees and their spouses.

**Disability Retirement Benefit**

The Plan does not include a disability retirement benefit.

**Death Benefit**

The Plan does not include a pre-retirement death benefit. If a participant dies while in active employment and was eligible for retiree health benefits at the time of their death, their

**TOWN OF WISE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**

**NOTE 15: OTHER POST-EMPLOYMENT BENEFITS (continued)**

surviving spouse or family member is eligible to continue their health coverage only under COBRA.

**Withdrawal Benefit**

The Plan does not include a withdrawal benefit.

**Benefit Service**

Benefit service is credited from the date of hire with the Town of Wise.

**Summary of Participant Data**— As of the January 1, 2022 valuation date, the number of active participants was 46. The number of inactive retirees and dependent spouses was 4.

**Actuarial Assumptions and Methods**— The retirement, withdrawal, mortality, and disability assumptions used are consistent with those used in the June 30, 2016 valuation of the Virginia Retirement System. In addition, the following assumptions specific to other post-employment benefits were used:

Discount Rate: A 3.54% discount rate was used as of January 1, 2022 for purposes of measuring the plan's June 30, 2022 Total OPEB Liability.

Inflation Rate: 2.50%.

Coverage Elections: It is assumed that 100% of retirees will elect coverage for the first 18 months following retirement (or age 65, if earlier) while eligible for the employer contribution. We then assume that 30% of retirees will elect to continue their health coverage after the employer contribution ends (if still younger than age 65).

We assume that 30% of future retirees electing health coverage will also elect to cover their spouse.

The retiree and spousal election assumptions continue to be based on guidance from Milliman's *Health Cost Guidelines*, taking into account the relative level of benefits offered by the Town's OPEB Plan.

Marital Status: It is assumed that 100% of active members are married at retirement with husbands three years older than their wives.

Option Elections: We assume the proportion of members in each option will remain constant.

**NOTE 16. GROUP LIFE INSURANCE OPEB PROGRAM**

***Group Life Insurance***

The Virginia Retirement System (VRS) Group Life Insurance Program is a multiple employer, cost-sharing plan. It provides coverage to state employees, teachers, and employees of participating political subdivisions. The Group Life Insurance Program was established pursuant to § 51.1-500 et seq. of the *Code of Virginia*, as amended, and which provides the authority under which benefit terms are established or may be amended. The Group Life Insurance Program is a defined benefit plan that provides a basic group life insurance benefit for employees of participating employers. For purposes of measuring the net Group Life Insurance Program OPEB liability, deferred outflows of resources and deferred inflows of resources related to the Group Life Insurance Program OPEB, and Group Life Insurance Program OPEB expense, information about the fiduciary net position of the VRS Group Life Insurance program OPEB and the additions to/deductions from the VRS Group Life Insurance Program OPEB's net fiduciary position have been determined on the same basis as they were reported by VRS. In addition, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

TOWN OF WISE, VIRGINIA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022

**NOTE 16. GROUP LIFE INSURANCE OPEB PROGRAM (continued)**

*Plan Description*

All full-time, salaried permanent employees of the state agencies, teachers and employees of participating political subdivisions are automatically covered by the VRS Group Life Insurance Program upon employment. This plan is administered by the Virginia Retirement System (the System), along with pensions and other OPEB plans, for public employer groups in the Commonwealth of Virginia.

In addition to the Basic Group Life Insurance benefit, members are also eligible to elect additional coverage for themselves as well as a spouse or dependent children through the Optional Group Life Insurance Program. For members who elect the optional group life insurance coverage, the insurer bills employers directly for the premiums. Employers deduct these premiums from members' paychecks and pay the premiums to the insurer. Since this is a separate and fully insured program, it is not included as part of the Group Life Insurance Program OPEB.

The specific information for Group Life Insurance Program OPEB, including eligibility, coverage and benefits is set out in the table below:

<b>GROUP LIFE INSURANCE PROGRAM PROVISIONS</b>
<p><b>Eligible Employees</b></p> <p>The Group Life Insurance Program was established July 1, 1960, for state employees, teachers, and employees of political subdivisions that elect the program, including the following employers that do not participate in VRS for retirement:</p> <ul style="list-style-type: none"> <li>• City of Richmond</li> <li>• City of Portsmouth</li> <li>• City of Roanoke</li> <li>• City of Norfolk</li> <li>• Roanoke City Schools Board</li> </ul> <p>Basic group life insurance coverage is automatic upon employment. Coverage ends for employees who leave their position before retirement eligibility or who take a refund of their accumulated retirement member contributions and accrued interest.</p>
<p><b>Benefit Amounts</b></p> <p>The benefits payable under the Group Life Insurance Program have several components.</p> <ul style="list-style-type: none"> <li>• <b><u>Natural Death Benefit</u></b>—The natural death benefit is equal to the employee's covered compensation rounded to the next highest thousand and then doubled.</li> <li>• <b><u>Accidental Death Benefit</u></b>—The accidental death benefit is double the natural death benefit.</li> <li>• <b><u>Other Benefit Provisions</u></b>—In addition to the basic natural and accidental death benefits, the program provides additional benefits provided under specific circumstances. These include: <ul style="list-style-type: none"> <li>○ Accidental dismemberment benefit</li> <li>○ Seatbelt benefit</li> </ul> </li> </ul>

**TOWN OF WISE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**

- |   |
|---|
| <ul style="list-style-type: none"><li>○ Repatriation benefit</li><li>○ Felonious assault benefit</li><li>○ Accelerated death benefit option</li></ul> |
|---|

<b>Reduction in benefit Amounts</b>
-------------------------------------

The benefit amounts provided to members covered under the Group Life Insurance Program are subject to a reduction factor. The benefit amount reduces by 25% on January 1 following one calendar year of separation. The benefit amount reduces by an additional 25% on each subsequent January 1 until it reaches 25% of its original value.
--

<b>Minimum Benefit Amount and Cost-of-Living Adjustment (COLA)</b>
--

For covered members with at least 30 years of creditable service, there is a minimum benefit payable under the Group Life Insurance Program. The minimum benefit was set at \$8,000 by statute in 2015. This amount will be increased annually based on the VRS Plan 2 cost-of-living adjustment calculation. The minimum benefit adjusted for the COLA was \$8,722 as of June 30, 2022.
--

***Contributions***

The contribution requirements for the Group Life Insurance Program are governed by § 51.1-506 and Section 51.1-508 of the *Code of Virginia*, as amended, but may be impacted as a result of funding provided to state agencies and school divisions by the Virginia General Assembly. The total rate for the Group Life Insurance Program was 1.34% of covered employee compensation. This was allocated into an employee and an employer component using a 60/40 split. The employee component was 0.80% (1.34% X 60%) and the employer component was 0.54% (1.31% X 40%). Employers may elect to pay all or part of the employee contribution, however the employer must pay all of the employer contribution. Each employer's contractually required employer contribution rate for the year ended June 30, 2022 was 0.54% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2019. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits payable during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the Group Life Insurance Program from the entity were \$12,112 and \$10,746 for the years ended June 30, 2022 and June 30, 2021, respectively.

***GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Group Life Insurance Program OPEB***

At June 30, 2022, the Town reported a liability of \$112,237 for its proportionate share of the Net GLI OPEB Liability. The Net GLI OPEB Liability was measured as of June 30, 2021 and the total GLI OPEB liability used to calculate the Net GLI OPEB Liability was determined by an actuarial valuation performed as of June 30, 2020, and rolled forward to the measurement date of June 30, 2021. The covered employer's proportion of the Net GLI OPEB Liability was based on the covered employer's actuarially determined

**TOWN OF WISE, VIRGINIA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022**

**NOTE 16. GROUP LIFE INSURANCE OPEB PROGRAM (continued)**

employer contributions to the Group Life Insurance Program for the year ended June 30, 2021, relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2021, the participating employer's proportion was 0.00964% as compared to 0.001036% at June 30, 2020.

For the year ended June 30, 2022, the participating employer recognized GLI OPEB expense of \$(354). Since there was a change in proportionate share between measurement dates, a portion of the GLI OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2022, the employer reported deferred outflows of resources and deferred inflows of resources related to the GLI OPEB from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Difference between expected and Actual experience	\$ 12,801	\$ 855
Net difference between projected and Actual earnings on GLI OPEB Program investments	0	26,788
Changes in assumptions	6,188	15,356
Changes in proportion	2,654	21,497
Employer contributions subsequent to the Measurement date	12,112	0
<b>Total</b>	<b>\$ 33,755</b>	<b>\$ 64,496</b>

\$12,112 reported as deferred outflows of resources related to the GLI OPEB resulting from the employer's contributions subsequent to the measurement date will be recognized as a reduction of the Net GLI OPEB Liability in the Fiscal Year ending June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the GLI OPEB will be recognized in the GLI OPEB expense in future reporting periods as follows:

FY 2023	\$ (10,481)
FY 2024	(8,370)
FY 2025	(8,297)
FY 2026	(12,014)
FY 2027	(3,690)
Thereafter	0
<b>TOTAL</b>	<b>\$ (42,852)</b>

**NOTE 16. GROUP LIFE INSURANCE OPEB PROGRAM (continued)**

*Actuarial Assumptions*

The total GLI OPEB liability was based on an actuarial valuation as of June 30, 2020, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2021.

Inflation	2.5 percent
Salary increases, including inflation—	
General state employees	3.5 percent - 5.35 percent
Teachers	3.5 percent – 5.95 percent
SPORS employees	3.5 percent – 4.75 percent
VaLORS employees	3.5 percent – 4.75 percent
JRS employees	4.5 percent
Locality – General employees	3.5 percent – 5.35 percent
Locality – Hazardous Duty employees	3.5 percent – 4.75 percent
Investment rate of return	6.75 Percent, net of investment expenses, Including inflation

Mortality Improvement Scale:

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates.

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. Increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience and changed final retirement age from 65 to 70
Withdrawal Rates	Decreased rates
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount rate	No change

***Mortality rates—Non-Largest Ten Locality Employers-Hazardous Duty Employees***

Pre-Retirement:

Pub-2010 Amount Weighted Safety Employee Rates projected generationally; 95% of rates for males; 105% of rates for females set forward 2 years.

Post-Retirement:

Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally; 110% of rates for males; 105% of rates for females set forward 3 years.

Post-Disablement:

Pub-2010 Amount Weighted General Disabled Rates projected generationally; 95% of rates for males set back 3 years; 90% of rates for females set back 3 years.

Beneficiaries and Survivors:

Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally; 110% of rates for males and females set forward 2 years.

Mortality Improvement Scale:

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates.

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. Increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience and changed final retirement age from 65 to 70
Withdrawal Rates	Decreased rates and changed from rates based on age and service to rates based on service only to better fit experience and to be more consistent with Locals Top 10 Hazardous Duty
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

***Net OPEB Liability***

The net OPEB liability (NOL) for the Group Life Insurance Program represents the program's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of June 30, 2021, NOL amounts for the Group Life Insurance Program is as follows (amounts expressed in thousands):

	Group Life Insurance <u>OPEB Program</u>
Total GLI OPEB Liability	\$ 3,577,346
Plan Fiduciary Net Position	<u>2,413,074</u>
Employers' Net GLI OPEB Liability (Asset)	<u>\$ 1,164,272</u>
Plan Fiduciary Net Position as a Percentage Of the Total GLI OPEB Liability	67.45%

**TOWN OF WISE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**

**NOTE 16. GROUP LIFE INSURANCE OPEB PROGRAM (continued)**

The total GLI OPEB liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net GLI OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

***Long-Term Expected Rate of Return***

The long-term expected rate of return on the System's investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of System's investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Target Allocation	Arithmetic Long-Term Expected Rate of Return	Weighted Average Long-Term Expected Rate of Return
Public Equity	34.00%	5.00%	1.70%
Fixed Income	15.00%	0.57%	0.09%
Credit Strategies	14.00%	4.49%	0.63%
Real Assets	14.00%	4.76%	0.67%
Private Equity	14.00%	9.94%	1.39%
MAPS	6.00%	3.29%	0.20%
PIP	3.00%	6.84%	0.21%
<b>Total</b>	<b>100.00%</b>		<b><u>4.89%</u></b>
	Inflation		<u>2.50%</u>
		*Expected Arithmetic Nominal Return	<u><u>7.39%</u></u>

The above allocation provides a one-year return of 7.39%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the System, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 6.94%, including expected inflation of 2.50%. On October 10, 2019 the VRS Board elected a long-term rate of 6.75% which was roughly at the 40<sup>th</sup> percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.11%, including expected inflation of 2.50%.

**TOWN OF WISE, VIRGINIA  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022**

**NOTE 16. GROUP LIFE INSURANCE OPEB PROGRAM (continued)**

***Discount Rate***

The discount rate used to measure the total GLI OPEB liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made with the VRS funding policy at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ending June 30, 2021, the rate contributed by the entity for the GLI OPEB will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly which was 100% of the actuarially determined contribution rate. From July 1, 2021 on, employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the GLI OPEB's fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total GLI OPEB liability.

***Sensitivity of the Employer's Proportionate Share of the Net GLI OPEB Liability to Changes in the Discount Rate***

The following presents the employer's proportionate share of the net GLI OPEB liability using the discount rate of 6.75% as well as what the employer's proportionate share of the net GLI OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	1% Decrease (5.75%)	Current Rate (6.75%)	1% Increase (7.75%)
Town of Wise, Virginia's Share of the Group Life Insurance Program Net OPEB Liability	\$163,981	\$ 112,237	\$ 70,450

***Group Life Insurance Program Fiduciary Net Position***

Detailed information about the Group Life Insurance Program's Fiduciary Net Position is available in the separately issued VRS 2021 *Annual Comprehensive Financial Report* (Annual Report). A copy of the 2021 VRS CAFR may be downloaded from the VRS website at [varetire.org/pdf/publications/2021-annual-report.pdf](http://varetire.org/pdf/publications/2021-annual-report.pdf), or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA 23218-2500.

VRS RETIREMENT PLAN  
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

**Changes of benefit terms** – There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

**Changes of assumptions** – The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period from July 1, 2016, through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Largest 10 – Non-Hazardous Duty

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age
Withdrawal Rates	Adjusted rates to better fit experience at each year age and service through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

All Others (Non 10 Largest) – Non-Hazardous Duty

Mortality Rates (Pre-retirement, post-retirement healthy, and disabled)	Update to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2010
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age

TOWN OF WISE, VIRGINIA  
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
FOR THE YEAR ENDED JUNE 30, 2022

---

**1. GENERAL**

The accompanying Schedule of Expenditures of Federal Awards (the Schedule of SEFA) includes all federal grant activity of the Town of Wise, Virginia. The Town of Wise, Virginia's reporting entity is defined in Note 1 of the basic financial statements. All federal financial assistance that passed through other government agencies or not-for-profit organizations are included on the Schedule.

**2. BASIS OF ACCOUNTING**

The Schedule is presented in the accrual basis of accounting for the proprietary funds, as described in Note 1 to the Town's basic financial statements. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Therefore, some amounts presented in the Schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements. For the year ended June 30, 2022, the Town of Wise, Virginia did not participate in any federal programs in which non-cash benefits were provided through the State to eligible participants.

**3. RELATIONSHIP TO THE FINANCIAL STATEMENTS**

Federal expenditures are reported in the reporting entity financial statements as follows:

Revenue from the Federal government – financial statements	\$	810,466
Loan Proceeds from the Federal government – financial statements		-0-
Add (subtract) Federal Awards revenue recognized:		
In prior fiscal years, spent this fiscal year		-0-
In current fiscal years, but not spent		-0-
Expenditures of Federal awards	\$	<u>810,466</u>

**4. SUB-RECIPIENT PAYMENTS**

The Town did not expend any funds to a subrecipient during the fiscal year ended June 30, 2022.

**5. INDIRECT COST RATE**

The Town has not elected to use the 10% de minimus indirect cost rate discussed in UG Section 200.414.

**TOWN OF WISE, VIRGINIA**

## INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Honorable Council Members of the  
Town of Wise  
Wise, VA 24293

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and with the *Specifications for Audits of Counties, Cities and Towns* issued by the Auditor of Public Accounts of the Commonwealth of Virginia, the financial statements of the governmental activities and the business-type activities of the Town of Wise, Virginia, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements, and have issued our report thereon dated March 17, 2023.

### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Town's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any

The Honorable Council Members of the  
Town of Wise  
Wise, Virginia 24293  
Page 2

deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Town of Wise, Virginia's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

The Honorable Members of Town Council  
Town of Wise  
Wise, Virginia 24293

### Report on Compliance for Each Major Federal Program

#### *Opinion on Each Major Federal Program*

We have audited The Town of Wise, Virginia's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Town's major federal programs for the year ended June 30, 2022. The Town's major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Town of Wise, Virginia complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

#### *Basis for Opinion on Each Major Federal Program*

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Town of Wise, Virginia and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Town of Wise, Virginia's compliance with the compliance requirements referred to above.

#### *Responsibilities of Management for Compliance*

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Town of Wise, Virginia's federal programs.

***Auditors' Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Town of Wise, Virginia's compliance based on our audit. Reasonable assurance is a high level of assurance but it is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance with it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Town of Wise, Virginia's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Town of Wise, Virginia's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Town of Wise, Virginia's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Town of Wise, Virginia's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

**Report on Internal Control over Compliance**

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and correction, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

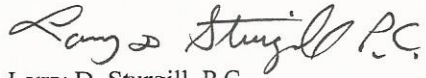

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The Honorable Members of Town Council  
Town of Wise  
Wise, Virginia 24293  
Page 3

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**INDEPENDENT AUDITORS' COMMENTS ON RESOLUTION**  
**OF PRIOR YEAR AUDIT FINDINGS**  
**FOR THE YEAR ENDED JUNE 30, 2022**

The Honorable Members of Town Council  
Town of Wise  
Wise, Virginia 24293

Council Members:

I have reviewed the prior year report during the course of this audit to determine if the Town of Wise, Virginia has implemented adequate corrective action with respect to previously reported audit findings. Corrective actions were not necessary because no prior period audit findings existed.
